SPRING 2011 DATA SUMMIT

APRIL 26 - 28, 2011

BOSTON

Data Summits focus on community development, implementation, integration, maintenance and exchange of data and data standards. Access, data quality, overall connectivity, and political factors that drive information systems and interoperability are also discussed.

All Summit meetings and events are open to all registered attendees. Transparent collaboration, engaging discussions, awareness of technical resources and best practices, identification of emerging technologies, new business contacts, and tips from experts of leading community organizations can be expected.

Register today!

Agenda

In continuing its mission of transparent, community-based collaboration, the Spring 2011 Data Summit is held in partnership with the AACRAO SPEEDE Committee, with the Common Education Data Standards (CEDS) Initiative and Consortium, IMS, SIF Association, the Data Quality Campaign (DQC) and the US Department of Education. The Spring 2011 Data Summit includes PESCC's 13th Annual Membership Meeting and Annual Spring Reception.
